ACKNOWLEDGEMENT

Alhamdulillah, all praises to Allah, the Most Gracious and the Most Merciful, for giving us His blessing and providing us with the strengths to complete this book. This book appears in its current form due to the assistance and guidance of several people. It gives us great pleasure to express our gratitude to all those who have immensely supported us in making this book a reality.

This book acts very much as a “first step” towards providing direction for non-profit organisations (NPOs) and it is intended that it should lead directly into further fieldwork, discussion, improvement and consultation.

We would like to express our deepest gratitude and sincerest appreciation to Universiti Teknologi MARA for the continuous academic, financial, technical and moral support from the Rector of UiTM Cawangan Johor, Prof. Dr. Ismail Ahmad, who gave us the opportunity to write this book and who provided a stimulating and welcoming academic and social environment that ensured its completion, your continuous support, motivation and untiring guidance have made this dream come true. In particular, the Research, Industrial Linkages and Alumni staffs, thank you so much. In addition, we would like to thank all those who have contributed towards the writings of chapters for this book, which include Raja Adzrin Raja Ahmad, Nadzira Yahaya, Rashidah Mokhtar, Nur Huda Jaafar and Ahmad Marzuki Amiruddin Othman.

We are also indebted to all of our friends and colleagues at the Faculty of Accountancy, Universiti Teknologi MARA Puncak Alam and Faculty of

THE REALM OF NON-PROFIT ORGANISATIONS IN MALAYSIA discusses the essential elements of non-profit organisations (NPOs), emphasising important issues in terms of governance, framework as well as organisational background of charitable bodies. Each area is written in simple English and presented in a concise manner.

Masters and doctoral students in the field of social responsibility, governance and the third sector of NPOs would find the book of valuable guidance, as the book was well researched based on the doctoral thesis of the author on NPOs in Malaysia, by using a practical approach on the challenges faced by NPOs, highlighting the case of Pertubuhan Kebajikan Anak Yatim Islam (PKAYIS).

In Malaysia, NPOs must not comply with any mandatory regulations due to its tax-exempt status. This easy-to-read book provides the foundation in the wake of new regulations for NPOs as other developed countries.
