3.7 Data Collection	27
3.8 Data Analysis	27

Acknowledgement

First and foremost, I would like to express thank to God for his mightiest, whereby I have finished this research with hard work, patient, and accurately in order to fulfill the requirement of research project's Subject (ADS554). Although many factors obstruct in completing this study but with the help from many parties, made its less difficult.

The most important person that I really appreciate in order to accomplish this research is to my supervisor, Miss Afida Arapa, who give instruction and additional information that really helped me to improve the study of my topic. Not forgetting for the time that she spent, which make me understand more about this course. Other than that, for all lecturers that also helped me giving information that I needed during accomplish this research.

Thanks a lot to SMK Bongawan's principle, who allowed me to do this research under his school supervision. Beside that, I also appreciate to Puan Zainab, the SMK Bongawan school counselor, for her information about the school counseling situation. This appreciation also to all my questionnaire respondents, your answer is really meaningful and useful in my research finding.

I also would like to say thanks, to my fellow classmate and friends. The suggestion and information that your give are very helped me in accomplished this research.

Lastly for the people who directly or indirectly involve in accomplished this research, thank you very much. Your help will remember.
