ABSTRACT

Personality is about out different ways of being human. Each person has different personality. This might due to several factors such as different background. Sometimes, problem may occur because of this different personality will influence the styles of thinking, feeling and acting of the person. This includes the personality of employees in facing some situation in working environment. Indirectly, personality may effects employees' performance. Thus, the aim of this study is to describe the five dimensions of personality towards employees' performance among staff in some offices and department at Universiti Teknologi Malaysia, UTM.

ACKNOWLEDGMENT

In the name of Allah, the Most Gracious and the Most Merciful. All praise to Allah, God of the Universe and Peace Be Upon His Messenger”

First of all, I honour our humble respectful appreciation and gratitude towards the most grateful and love aspiring merciful Almighty Allah S.W.T. for blessing us with a required knowledge, health and courage to successfully accomplish and render this research report.

I also want to dedicate my gratitude and appreciation to our advisor, Madam Zuria Akmal binti Saad for his assistance, guidance, patience and endless support throughout this study. Without her time and effort, this study will not be accomplished. Not forget to other lecturer for they sincere advise and comments towards this research. They had guided me more than I accepted. Here, we also want to give great pleasure to acknowledge to all of my friends for their supports for this successful completion of the research work.

Last but not least, nobody has been more important to us in the pursuit of this project than the member of my family. I would like to dedicated with full responsibility and respectful appreciation and honour to my beloved parents who always been there for me by giving their morale supports. Furthermore, this work would not have been possible without the financial support from them.
