BHS590: Research Project

Course Name (English)	Research Project APPROVED
Course Code	BHS590
MQF Credit	6
Course Description	The final year project aims to provide an opportunity for each student to develop and demonstrate their ability to apply the knowledge and skills acquired to the solution of challenging health issues in the context of health sciences. The student will be expected to be able to develop a research proposal, data gathering, analysis and interpretation. They also expected to be able to relate the research finding with current health issues and to recommend a solution to address the problems. These activities will ultimately lead to writing up and submission of a project report and project presentation, and also the possibility of publication.
Transferable Skills	Critical thinking Autonomous learning Information management Ethical value and professionalism Communication skill
Teaching Methodologies	Discussion, Presentation, Supervision
CLO	CLO1 Prepare a comprehensive research proposal CLO2 Analyze data, interpret results and generate a report CLO3 Demonstrate autonomous learning through an effective dissertation writing CLO4 Demonstrate ethical value and professionalism through processes involved in a research project CLO5 Present the research findings
Pre-Requisite Courses	No course recommendations
Topics	
1. Introduction	1.1) N/A
2. Literature review	2.1) N/A
3. Research methodology	3.1) N/A
4. Results and findings	4.1) N/A
5. Discussion and conclusion	5.1) N/A

Assessment Breakdown	%
Continuous Assessment	100.00%

Details of Continuous Assessment	Assessment Type	Assessment Description	% of Total Mark	CLO
	Final Project	Values/Commitments/Efforts	10%	CLO4
	Final Project	Presentation of Proposal (Oral/Poster)	15%	CLO3
	Final Project	Findings presentation (Oral/Poster)	15%	CLO5
	Final Project	Writing a research proposal	20%	CLO1
	Final Project	Final Report/Dissertation writing	40%	CLO2
