# Head of College's Message

**Dr. Nurul 'Ayn Ahmad Sayuti**

Head of College of Creative Arts,  
UiTM Kedah Branch

It fills me with immense joy to witness the extraordinary dedication of both the organizing team and students in ensuring the resounding success of this event. Our concern for the future of our students, particularly in navigating the complexities of the new normal, drives us to create a more vibrant and promising world for them. Thus, the significance of MINDAREKA 2024 - Unleashing Your Visual Creativity, orchestrated by our College of Creative Arts, UiTM Kedah Branch, cannot be overstated as it epitomizes our noble aspiration.

A heartfelt expression of gratitude is owed to our tireless organizing committee whose unwavering commitment, boundless energy, and meticulous attention to detail have been instrumental in realizing the objectives of this event. MINDAREKA 2024 - Unleashing Your Visual Creativity serves as a pivotal platform for all students, particularly those in their final year, to showcase their talents and skills. This platform not only fosters self-expression but also lays the groundwork for students to navigate their professional paths in the future.

I extend my sincerest congratulations and appreciation to the organizing committee, faculty staff, students, and all stakeholders whose collective efforts have ensured the resounding success and cherished memories of this event. To the students, your dedication and hard work are commendable, and as you embark on this new chapter in life, I wish you the very best. May you embrace the opportunities that lie ahead with courage and determination. Best of luck to each of you.

### Abstract

The designer is designing an armchair that is influenced by the mosquito characteristics and form. This project focus on apartment houses as the main location. Through the research, the designer started with brainstorming method to identify the location of the furniture in the apartment houses. After a few researches, the designer decided to place the armchair on the balcony of the apartment as the suggested location.

As a result, the designer designed QUITOS as an armchair that inspired by mosquitoes. The purpose is creating an armchair with a design that mimics the patterns found on mosquito wings, legs and its form that can offering interesting furniture appealing. This seat is made through plywood bending technique, so that the user can sit comfortably. The main structure is made of metal as it provides s sturdy structure for free standing furniture concept. Furniture designed with a concept inspired by nature also provides a sense and awareness of mosquitoes in the world for future generations.
