ACKNOWLEDGMENT

Assalamualaikum w.b.t.

Alhamdulillah, first of all I might want to express my appreciation to Allah S.W.T for giving me the plenteous direction and quality rendered during the entire procedure of preparation of this research project.

I would like to express my compliments to certain people who have contributed a lot for the completion of this research. My warmest gratitude goes to Madam Intan Liana Binti Suhaime who is my respectable adviser. I would like to thank to her advice, comments, guidance and helping me by using SPSS program throughout the completing of this research.

Besides that, special thanks to Pejabat Daerah dan Tanah Kuala Pilah (PDTKP) for allowing me to do the survey. Their staffs give a great collaboration and important understanding in connection to the pertinent information gathered for the research.

In addition, I also would like to extend deepest gratitude to my beloved family and my friends especially my classmates and group mate for their untiring support and assistant. Lastly, my warmest regards and thanks to everyone who had involved in finishing this research either directly or indirectly.

ABSTRACT

The purpose of this research is to identify relationship of factor influencing organizational performance in Pejabat Daerah dan Tanah Kuala Pilah. This study was divided into five important chapters named as introduction, literature review, research methodology, findings, conclusion and recommendations. The dependent variable is organizational performance and independent variables are job satisfaction, motivation and employee's behavior. In Chapter 1 this study discussed about the background of the study and company, problem statement, research questions, research objectives, definitions of terms, theoretical framework, hypotheses and conclusion. Next, in Chapter 2 discussed about literature review on dependent variable of organizational performance and independent variables of job satisfaction, motivation and employee's behaviour. Chapter 3 include the discussion of research design, sampling design, data collection, data analysis and conclusion. Chapter 4 discussed about the findings in the study which been run by Statistical Package of Social Science (SPSS) version 20.0. Chapter 5 is regarding the result of this study conclusion and recommendations that might be used for future researchers. From this research, all of the information will be provided about the factors (job satisfaction, motivation, employee's behavior) influencing organizational performance in Pejabat Daerah dan Tanah Kuala Pilah.
