

UNIVERSITI TEKNOLOGI MARA

FSG610: PROJECT I

Course Name (English)	PROJECT I APPROVED
Course Code	FSG610
MQF Credit	4
Course Description	This Project 1 constitutes the written research proposal components of the full final year project undertaken by the students during the first semester of the final year. The research proposal describes the proposed intention and justification of the project, and generally includes the problem statement, objectives, literature background, proposed methodology and timeline. Students are also required to give an oral presentation of their research proposal
Transferable Skills	Students are able to think scientifically and critically. Student also can communicate and present their idea orally.
Teaching Methodologies	Journal/Article Critique, Supervision
CLO	CLO1 Describe and relate the existing literatures to create a hypothesis, identify the research problems, objectives and significance of study. CLO2 Write a well-organised research proposal CLO3 Demonstrate an effective oral presentation of the research proposal.
Pre-Requisite Courses	No course recommendations
Topics	
1. Introductory Lecture 1.1) Briefing on Research Methodology by Project Coordinator	
2. Identifying a Title/ Submission of Signed Contract 2.1) Identify a title for the research of study	
3. Literature Review 3.1) Selecting topics, headings and choosing a few key texts to read	
4. Literature Review 4.1) Gathering information and important texts in the topic, exploring the most up-to-date research.	
5. Literature Review 5.1) Getting an overview of all the references and connections between ideas.	
6. Literature Review 6.1) Selecting literature review and refine understanding of the wider issues and identify what are relevant to the research investigation.	
7. Identifying Problem Statement, Hypothesis, Research Questions and Objective 7.1) Identify and discuss on the relevant Problem Statement, Hypothesis and Objectives	
8. Writing Proposal (Introduction) 8.1) Chapter 1 - Writing Background of Study, Problem Statement, Significant of Study and Objectives	
9. Writing proposal (Literature Review) 9.1) Chapter 2 - Writing Literature Review, Authors, Years	
10. Writing Proposal (Materials and methods) 10.1) Chapter 3 - Writing Materials and Methods, Statistical Analysis	
11. Writing Proposal (Flow Chart, Gantt Chart, References) 11.1) Draw Flow Chart, Gantt Chart and Writing List of References, Appendices and CV	
12. Proposal Presentation 12.1) Defence/Oral Presentation of the Research Proposal	

13. Correction of Proposal

13.1) Proposal correction as suggested by supervisor and examiner

14. Correction and Submission of Written proposal

14.1) Final Written Proposal correction by the student for submission

Assessment Breakdown		%		
Continuous Assessment		100.00%		
Details of Continuous Assessment	Assessment Type	Assessment Description	% of Total Mark	CLO
	Individual Project	Commitment and Efforts	15%	CLO1
	Individual Project	Written Research Proposal	55%	CLO2
	Presentation	Oral presentation	30%	CLO3
