ACKNOWLEDGEMENT

We wish to thank our CSC 520 lecturer, Encik Kamaruddin Sulaiman for his guidance and advice in preparing this project. To the staff of Bahagian Penganjuran Pelajaran, MARA and all our coursemates, we wish to extend our gratitude and appreciation for their cooperation during the preparation of our project.

ABSTRACT

This project is a partial requirement of our course. A prototyping is developed in this project.

Prototyping is a pilot or test and it is expected that the prototype will be changed through several alterations.

Reasons for the prototyping:

- i) To get the approval from management.
- ii) To give management better information for managing certain activities.

This feasibility study phase II is the continuity of the feasibility study phase I. In this feasibility phase II, it proposed the automation system.

*

Although MARA have been divided to thirteen departments, due to time can straint this project only highlighted at the scholarship and study loan department.

The Purpose of this study are:

- i) To have an efficient way of work.
- ii) To save time
- iii) To be up to date
- iv) To have an effective way of communication
- v) To cope with the increased volume of work.

1.0 INTRODUCTION

1.1 HISTORY

In 1950, RIDA (Rural and Industrial Development Authority) was established. In 1965, the 1st Bumiputra Congress on Economy was held. It discuss the imbalance of economy in Malaysia. Rida was restructured and was name Majlis Amanah Rakyat (MARA).

Bahagian Penganjuran Pelajaran was established on 1966 under the name of Bahagian Latihan. At the time, only 5 course are offered which are Medical, Engineering, Agricultural, Architecture and Business and Management. In 1983, it was renamed Bahagian Pelajaran and in 1986 it was changed to Bahagian Penganjuran Pelajaran.

At the beginning, its operation took place at MARA's old building which is situated at 232, Jalan Tuanku Abd. Rahman. Now this department operated in the new MARA's building at Jalan Raja Laut on the 3rd Floor.

1.2 OBJECTIVE OF BAHAGIAN PENGANJURAN PELAJARAN

To establish and increase the number of Bumiputra's human resources at the professional level and semi professional level for the speed up of the establishment of Bumiputra's industrial and enterprising community. To establish and increase the
