Faculty Information Management UiTM Kedah

Our objective is to introduce the creative and innovative idea that we all have been thinking together. We sure that we would attain something from this competition so that we can evolve an achievement someday. It can be all of us advancement too because we take a first step as we take a part in this competition. We do believe our idea could be a doctrine because our originality of ideas can be interpret as creatively. Despite we were seldom and not too pay attention at new technologies and inventions nowadays, we shall be more diligent and make a development soon.

Our idea's uniqueness is we combining two different things and medium into one. Thus, it could be simplify people's and making them feel pleasant when they do daily's work as well.

The usefulness of our idea is, it would be an alternative for the society to do their routine, not just only that it certainly can be a easier method for the industry for making their job faster than usual. We truly believes that our idea will be adopted among the consumers because it is provide them so many benefits instead of they need to work more hard.
