PREFACE

This project paper is entitled "FINANCIAL STATEMENTS INFORMATION : ITS USES TO POTENTIAL INVESTORS". It has been prepared for the School of Accountancy, MARA Institute of Technology in partial fulfillment of Advanced Diploma In Accountancy course for project paper (ACC 556) subject.

As the title explains, the paper seeks an understanding of various and important information in the financial statements that a potential investors usually look for before they start investing. An identification and analysis of these information are discussed to assist investors adding their knowledge towards making a sound investment decisions.

I hope that this paper will be able to give a clear understanding to the potential investors when using the information in the financial statements as a tool for their investment decisions.

Should there be any deficiencies or errors the responsibility is of the writer.

JURIAH HAMZAH

August 22 , 1990.

ACKNOWLEDGEMENTS

I wish to express my sincere appreciation and gratitude to all those who have helped me in one way or another in the completion of the paper and therefore making this study a reality.

I would also like to express my sincere thank and gratitude to my advisor, Dr. Juhari Samidi for his invaluable guidance and advice in preparation and completion of this project paper.

Last but not least, to all my ADIA colleagues and others whom I do not mention, I thank you.
