ABSTRACT

The research aims to study the Relationship between Workplace Environment and the Level of Employees Perception towards Their Productivity in Majlis Daerah Raub (MDR), Pahang Darul Makmur. The limitation of study was focused on the employees in MDR. The scope of this research is to focus on the Workplace Environment towards Physical and Behavioral Components towards the Level of Employees Perception towards Their own Productivity. The questionnaires were distributed to 59 respondents in MDR. The workplace environment consists of two major components which are physical and behavioral. The components in the workplace environment play an important role towards the employees perception towards their own productivity because it will give an immense impact to the employees either towards the negatives or positive outcomes that will employees provide to the organization. On this study, it was focus two variables of workplace environment which are physical and behavioral components and the level of employees perception towards their productivity. In the physical and behavioral components it were consists of furniture, lighting, noise, temperature and working environment.

Keywords: Workplace Environment, Physical and Behavioral Components, Furniture, Lighting, Noise, Temperature, Working Environment, Employees Productivity.

ACKNOWLEDGEMENT

First of all, Alhamdulillah, In the name of Allah, The Almighty and The Most Graceful, I praise to Allah for His blessing and guidance for me. Moreover, I would like to convey my gratefulness to Allah S.W.T because of His blessing and His mercy I able to complete my project paper to fulfil the requirements of the Research Methods course.

This project could not have been written without the assistance and guidance of Madam Mas'udah Binti Asmui who not only serve as my supervisor but encouraged and challenged me throughout my academic project also helped me a lots through her wisdom, excellent guidance, comments, advice, patience and knowledge that her gave to me in preparing this thesis from beginning till the end.

Last but not least, thanks to all staff at Majlis Daerah Raub for their commitment and cooperation in helping me for completing this study. Then, thanks a million to my parents and family for their support and encouragement. Also thank you to all friends who give me some advices and guidance. I am really appreciated that. Finally, thank you also to the others who have helped me directly or indirectly.

Thank you

Nurabyan Najian Binti Mohamad Ramly
