ACKNOWLEDGEMENTS

Firstly, I would like to thank god for giving me the strength and spirit to complete this report and to who had helped me for making this project paper as a reality.

I also would like to express my heartiest gratitude and thanks to my project advisor, Mrs Maznah Abdullah for her valuable advice and guidance throughout the course of preparing this report. Without her guidance, this report will not be a success. Special thank to my second examiner Miss Bernardette @ Jacynta Henry for her recommendation and opinion as well. A special word of appreciation also to Mr. Mohd. Shamlie Salisi, as my Coordinator Program of Bachelor of Business Administration (Hons) Marketing, for his highly constructive comments and information in completing this research.

My sincere appreciation also goes to Mr. Nallusamy A/L Muthusamy as SOCSO Director of Sabah State for giving me the opportunity to do my practical training at SOCSO for about three months. My thanks also goes to my former supervisor Madam Flora Paulus. Not forgotten, thank you to all staffs in SOCSO, Kota Kinabalu for their guidance, motivation and knowledge.

Special thanks also to my beloved parents who had given me bundle of moral supports and encouragement, which enabled me to complete my studies.

Lastly, thank you to all my housemate and my entire friend for helping me to complete this research. Their information and idea are highly appreciated.

Thank you very much.

ABSTRACT

A study on the contributors' awareness towards the benefits under "Employment Injury Insurance Scheme" provided by SOCSO was conducted. The purposes of this study to identify the effectiveness of channel information chosen by SOCSO, to identify contributor's awareness towards employment injury insurance scheme benefits, to identify problems that Employment Injury Insurance Scheme contributors faced in getting information and to suggest alternative ways from contributors that can be used by SOCSO to increase the level of contributors' awareness.

The sampling technique used in this research is non-probability sampling by means of convenience sampling. The 138 respondents that interviewed are comprises SOCSO contributor. Data gathered from fieldworks was analyzed using statistical package of social science (SPSS).
