✚ MESSAGE FROM THE VICE CHANCELLOR

The annual publication of ARI Updates serves as an important resource which traces the work of the Accounting Research Institute (ARI) as it advances research in the areas of Islamic financial criminology, enhancement of good governance via Islamic business models, as well as integrity and ethics. The many achievements of the institute throughout 2021 reflects the hard work and dedication of its top management and research fellows who live up to the demands of ARI's status as a Higher Institution Centre of Excellence (HICoE).

Since ARI was granted the prestigious status of HICoE by the Ministry of Higher Education (MoHE) in 2010, I am pleased to note that ARI has continued to grow from strength to strength. Today, it is a destination of choice for a large number of international postgraduate students, and it is also sought out as a research collaborator by many organisations, both in Malaysia and globally. ARI's achievements contribute to the university's aspirations of becoming a globally renowned institution.

ARI Updates highlight the accomplishments of the institute's members in the areas of consultancy, research and publication. In addition, ARI Updates also provides information about a variety of other activities that were carried out throughout 2021 despite the challenges brought about by the pandemic. I am pleased to note that these activities have included the organisation of successful international conferences as well as collaboration with local government agencies and international entities. I congratulate ARI for supporting the creation of a scholarly environment which benefits students and academics at UiTM.

I would like to take this opportunity to congratulate Professor Dr Jamaliah Said for her instrumental role in ARI's success in 2021.

I wish ARI the very best in the year ahead as it moves forward to realise the aspirations of the institute, UiTM and the nation.

Thank you.

*Professor Datuk Ts. Dr Hajah Roziah Mohd Janor
Vice Chancellor
Universiti Teknologi MARA*

✦ MESSAGES FROM THE DEPUTY VICE CHANCELLOR (RESEARCH AND INNOVATION)

I would like to take this opportunity to congratulate the Accounting Research Institute (ARI) on the publication of ARI Updates 2021. I am extremely pleased that ARI documents its activities, programmes, and accomplishments in this series on an annual basis. This publication serves as a valuable reference and provides insight and ideas into what it takes to be a Higher Institution Center of Excellence (HiCoE). As such, it serves as a critical guide for UiTM's centres of excellence and faculties as they work to foster a strong research culture.

ARI Updates 2021 is a testament to the institute's top management and research fellows' dedication and unwavering commitment to advancing research in the areas of Islamic financial criminology, anti-money laundering, governance, and financial fraud detection. Despite the numerous challenges posed by the pandemic, I am pleased to report that ARI has remained on track to meet its objectives. My hope is that ARI continues to grow and achieves even greater heights in 2022, when it will host international knowledge-sharing events, expand its global network, and promote the best academic work.

Finally, I would like to express my heartfelt congratulations to Professor Dr. Jamaliah Said, ARI's Director, as well as to all the research fellows and staff, on yet another year of outstanding accomplishments. ARI's contribution to UiTM's growth is held in high esteem.

*Professor Ts. Dr. Norazah Abd Rahman
Deputy Vice Chancellor (Research & Innovation)
Universiti Teknologi MARA*

 **MESSAGE FROM DIRECTOR OF ARI**

It is my pleasure to present to you ARI Updates 2021. This annual publication provides an overview of the institute's many activities, initiatives, and achievements in 2021.

Throughout the year, we have remained on track in advancing knowledge in the areas of financial fraud detection and prevention, the use of Islamic finance models for enhancing governance, mitigating financial leakages, and the promotion of integrity and ethics. In 2021, we were the proud recipient of the ASEAN Risk Educator Award which symbolises the institute's strength in the ASEAN region as a destination of choice for researchers as well as postgraduate students who are keen on pursuing studies in the areas of risk management, governance and transparency. Besides this, ARI continued to excel on many fronts throughout 2021, surpassing targets we had set for ourselves early in the year.

I would like to take this opportunity to congratulate and thank the management team, research fellows, postdoctoral scholars and administrative staff at ARI. Their dedication ensured that the institute's journey in 2021 was a fruitful and memorable one despite the challenges of the pandemic.

Finally, I would like to express my sincere gratitude to the Vice Chancellor of UiTM and the university's top management for their continuous support and the trust they have placed in ARI. With such support, I am confident that ARI will continue to live up to its expectations as a Higher Institution Centre of Excellence.

Professor Dr Jamaliah Said
Director
Accounting Research Institute

ABOUT ARI

The Accounting Research Institute (ARI) was first formed in 2002 as a special interest group. Since then, ARI had gone through a complete evolutionary cycle which includes of first being a special interest group (SIG), then as a research centre and finally as a research institute. The Ministry of Higher Education formally approved the formation of ARI in 2005. As a research institute, ARI is responsible to coordinate and manage the activities of its eight multi-discipline research centres (also known as units of excellence). Effective November 2009, ARI has been recognised by the Ministry of Higher Education as one of the Higher Institutions' Centres of Excellence (HICoE).

Today ARI coordinates eight research centres that have been co-established with various national and international professional agencies: **CIMA-UiTM Asian Management Accounting Research Centre (AMARC)**; **UiTM-MICG Corporate Governance Research Centre (CGRC)**; **UiTM-ACCA Financial Reporting Research Centre (FCRC)**; **UiTM-ACFE Asia-Pacific Forensic Accounting Research Centre (AFARE)**; **UiTM-CPA Australia Public Sector Accounting Research Centre (PSARC)**; **UiTM-ACCA Asia-Pacific Sustainability Research Centre (APCeS)**, **Islamic Accounting and Muamalat Research Centre (IAMRC)** and **Government-Linked Companies Research Centre (GLCRC)**. As a HICoE, ARI focuses its current fundamental research in the niche area of forensic accounting and Islamic Financial Criminology. Nevertheless, ARI's other expertise in the areas of corporate governance, management accounting, financial reporting, public sector accounting, taxation, auditing and accounting information system will continue to be championed by respective research centres and SIGs.

Alhamdulillah, we have gone through the first five years (2010 – 2015) as a Higher Institutions' Centre of Excellence (HICoE). It was indeed a great and eventful five years for all of us at ARI. As I see it, we have grown from being a “generalist” during our first few years of formation (in early 2000s) to a “specialist” in our newfound research niche Islamic Financial Criminology (IFC). We have successfully mobilised our diverse research centres – Asian Management Accounting Research Centre (AMARC), Financial Reporting Research Centre (FRRC), Corporate Governance Research Centre (CGRC), Public Sector Accounting Research Centre (PSARC), Asia-Pacific Sustainability Research Centre (APCeS), Asia-Pacific Forensic Accounting Research Centre (AFARE) and Islamic Accounting and Muamalat Research Centre (IAMRC) to realign their research focus towards Islamic Financial Criminology. When we were first assigned with Islamic Financial Criminology as a HICoE research niche agenda, it was just a concept which comprised two main domains – Islamic Finance and Financial Criminology. We deliberated among ourselves, engaged with professionals within the Islamic Finance Sector and the Financial Criminology experts and found that Islamic Financial Criminology is indeed a new knowledge frontier and ARI can certainly champion it.

In tandem with the government's aspiration to make Malaysia a global Islamic Finance Hub, ARI's research in Islamic Financial Criminology is not just timely, but extremely crucial to support a sustainable Islamic Finance Industry. Fundamentally, research in Islamic Financial Criminology focuses on three important aspects: (i) Identification of new Islamic Finance products as well as innovating existing products; the current focus is mainly on Islamic banking (ii) Development of suitable governance structure for the Islamic Finance Industry, which should include shari'ah compliance and audit; and (iii) Establishment of anti-financial leakages mechanisms – i.e. financial fraud prevention and anti-money laundering programs. In doing its research in Islamic Financial Criminology, ARI HiCoE develops four research clusters, namely (i) Islamic-based Business Money in Enhancing Good Governance and Wealth Creation; (ii) Corporate Integrity, Ethics, Anti-Corruption and Risk Management; (iii) Anti-Money Laundering and Anti-Fraud Mechanisms to Mitigate Financial Leakages; and (iv) Methodologies in Financial Fraud Detection and Prevention.

Through the four research clusters, ARI has produced some “early-win” research output. Firstly, Islamic Microfinance research project which was initially embarked in Tanjung Karang through the Amanah Ikhtiar Malaysia (AIM) *Sahabat* is now replicated in Kuala Terengganu and Paka. ARI has successfully linked the entrepreneurs with Mydin Holding Berhad, who acts as both supplier of raw materials and buyer of their finished goods. We have helped microcredit entrepreneurs to increase their income and quality of life through Islamic microfinance initiative. Secondly, through a smart collaboration with the Malaysian Institute of Integrity (IIM), ARI has developed an instrument which measures corporate integrity at workplaces. To date, organizations that have successfully used the instrument include Celcom Berhad, TNB Berhad, Amanahraya Berhad, KPJ Group of Companies, UDA and MARA group of companies. Corporate Integrity Questionnaire is now made available online by IIM. Thirdly, ARI has forged university-industry collaborations with enforcement agencies such as Royal Malaysia Police, Royal Malaysia Customs, Inland Revenue Board, Registry of Societies, Companies Commission of Malaysia, Financial Intelligence and Enforcement Department of Bank Negara Malaysia, Compliance Officer Networking Group and Institute of Banks in

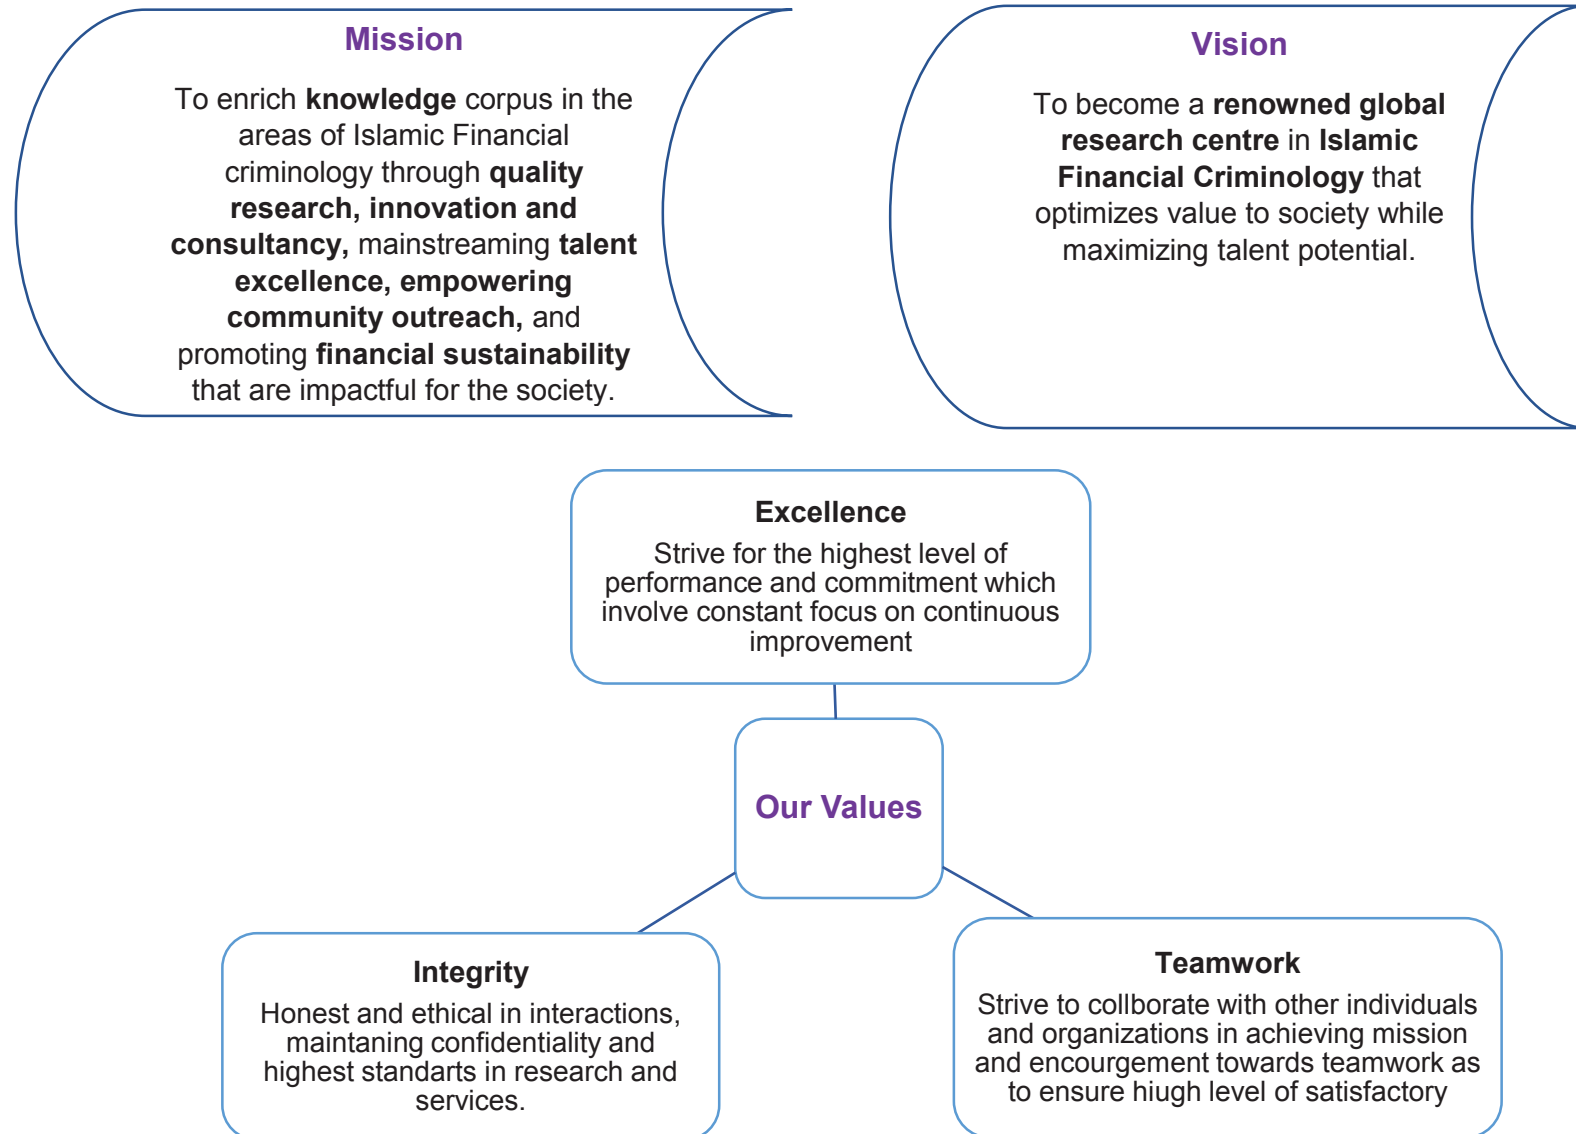

The years 2014 and 2015 have produced some commendable results for ARI. In 2014, ARI was awarded the prestigious Global Islamic Finance Awards (GIFA 2014 in Dubai) as “Best Islamic Finance Education Provider” for its four postgraduate programmes: Master is Islamic Finance & Muamalat, Master is Financial Criminology, PhD in Islamic Finance & Muamalat and PhD in Financial Criminology. In 2015, ARI again was awarded Global Islamic Finance Awards (GIFA 2015 – Bahrain) as “Pioneering Islamic Financial Criminology Research 2015”. At the end of 2015, ARI received another prestigious international award from industry-based online magazine Acquisition Finance Magazine (ACQ) which is based in the United Kingdom – ACQ Awards 2015 for “Islamic Financial Criminology Research Body of the Year”. For both awards in 2015, ARI niche research agenda *Islamic Financial Criminology* has been recognized globally as a new knowledge frontier for the Islamic Finance Industry.

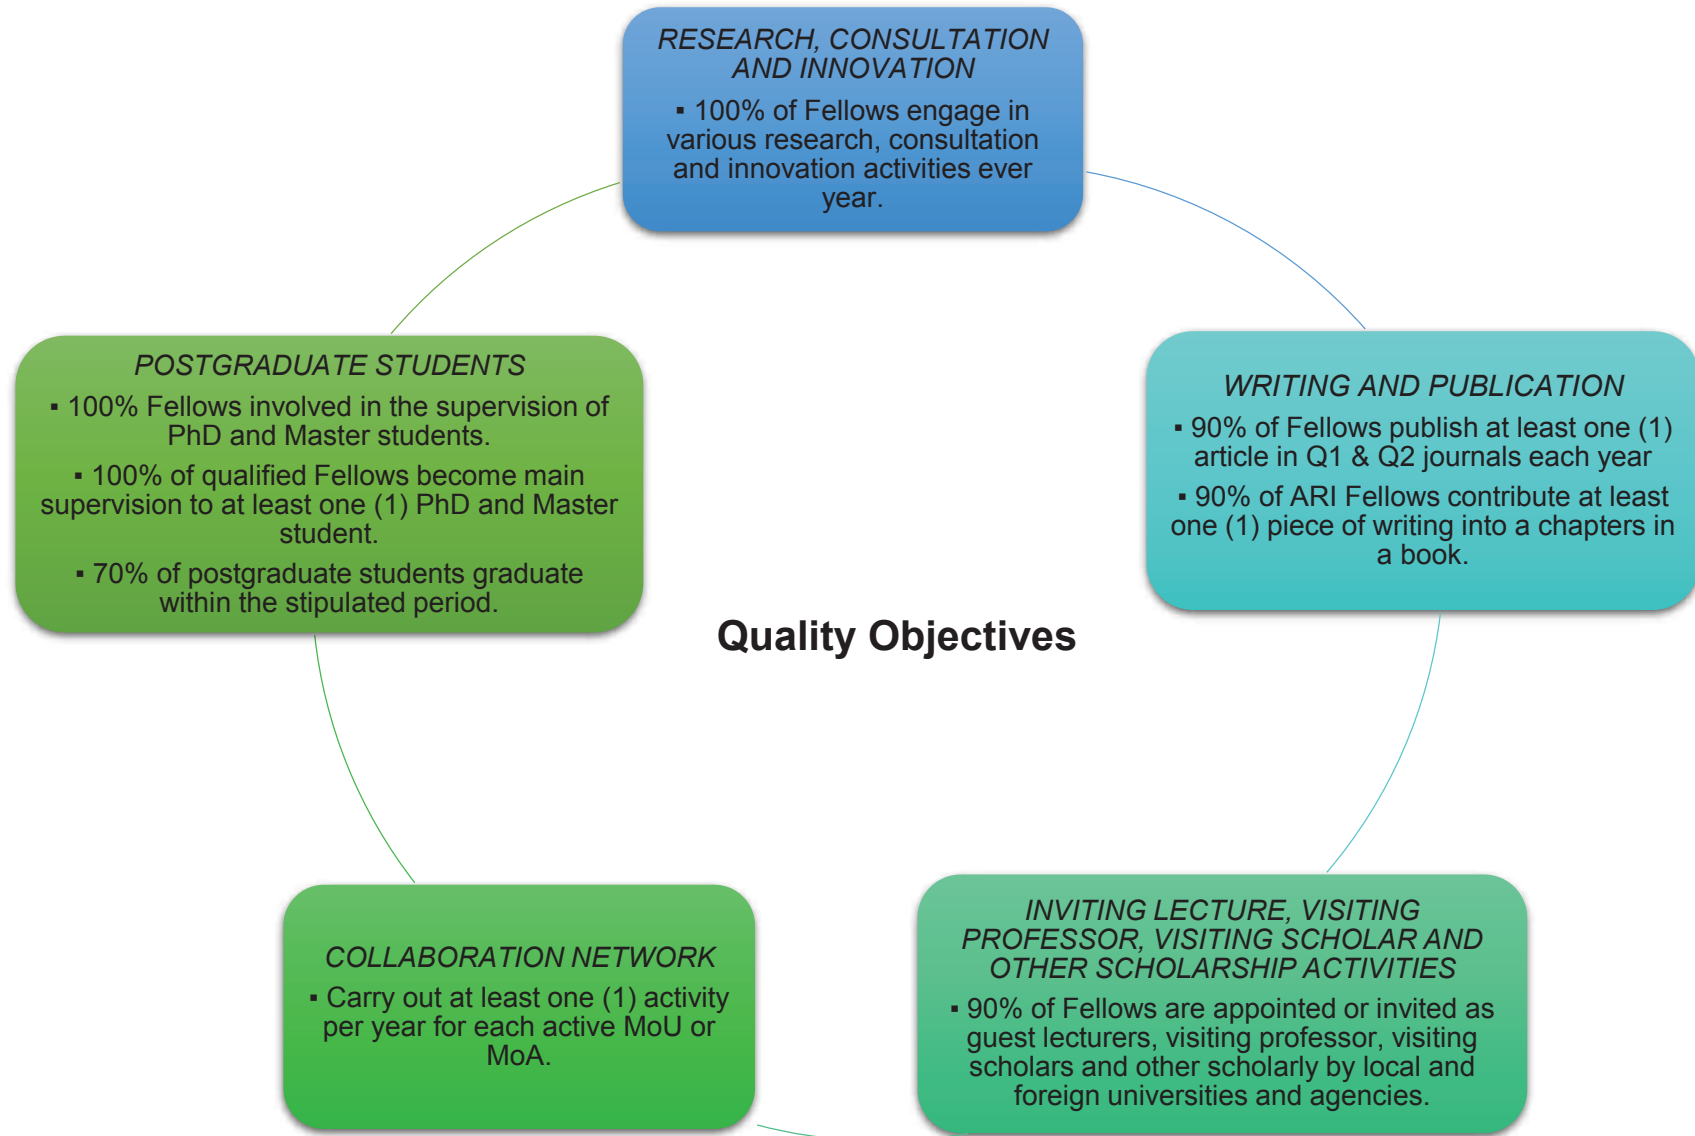

In 2016 until 2020, ARI continuous received various achievement awards. ARI once again won award “Islamic Finance Criminology Research Body of the Year” from ACQ Awards 2016. ARI also received the “Best Research and Development in Islamic Finance” and “Global Research Excellence in Islamic Financial Criminology Award” at the Global Islamic Finance Award (GIFA). For two consecutive years 2016 and 2017 ARI won awards under the Risk Educator category in Asean Risk Awards. The Accounting Research Institute (ARI HICoE) has once again won international acclaim as it clinched the “Eminence in Islamic Financial Criminology Research award”. In 2019, ARI received University of New England Australia awards for “Research and Innovative Entrepreneurship Curriculum”. At the end 2020, three ARI research fellows named in list of World’s Most Influential Women in Islamic Business and Finance. In this year hope we can bring ARI HICoE and Universiti Teknologi MARA to greater heights in years to come.

AWARDS

✚ Risk Educator in ASEAN Risks Awards 2021

The award symbolises the institute's strength in the ASEAN region as a destination of choice for researchers as well as postgraduate students who are keen on pursuing studies in the areas of risk management, governance and transparency. Our successes today are built on years of dedication in transforming the Accounting Research Institute or ARI into a reputable, globally recognised research centre. We are Malaysia's only higher institution centre of excellence from Social Science as endorsed by the Ministry of Higher Education Malaysia, which advances research in the area of risk management and good governance. It is for this reason that ARI is home to a large number of international postgraduate students as well as post-doctoral scholars" said Professor Jamaliah Said, Director of the Accounting Research Institute when accepting the award at a live online ceremony on 10 December 2021.

ARI is deeply committed to the generation and dissemination of knowledge in the area of risk management. Collaborating with partners around the globe, ARI spearheads a variety of annual events geared at spreading information about cutting-edge research in the area of risk management. Among the annual events run by ARI are international conferences and seminars on financial crime, fraud detection and corporate governance.

1. Introduction to Quantitative Research Questionnaire Survey

This workshop was held on 6th March 2021 in virtual and was delivered by Dr. Intan Salwani Mohamed, who was expertise and experience in research area. In addition, this workshop exposed participants to step by step approach using questionnaire survey to collect data and analyze data quantitatively. Questionnaire survey can be applied in writing, journal, report which use analytical data to be published.

2. Doing Qualitative Research: A Practical Approach

Doing Qualitative Research: A Practical Approach Workshop was held on 11th March 2021 which was delivered by Associate Professor Dr. Eley Suzana Kasim, ARI Research Fellow. This workshop focused on the fundamentals of qualitative methodology and data collection. Moreover, participants can conduct a practical approach to qualitative research with the tips given in this workshop.

3. Fundamentals in Data Analysis with SPSS

Accounting Research Institute (ARI) organized a workshop on the topic of “**Fundamentals in Data Analysis with SPSS**” in virtual. Dr. Saiyidi Mat Roni was the speaker of the workshop on 3rd March 2021. He has vast knowledge and experience in Data Analysis with SPSS. This workshop focused on methods of dealing with outliers in data, missing data, and constructing a latent variable.

4. Qualitative Analysis using ATLAS.ti 9

A workshop titled “**Qualitative Analysis using ATLAS.TI 9**” was held on 25th June 2021. This workshop was conducted by Dr. Ani Munirah Mohamad, Senior Lecturer from Universiti Utara Malaysia (UUM), Kedah. The highlight was the sophisticated tools used to arrange, reassemble, and manage material for qualitative analysis. It was a value-added workshop to the students’ achievement, especially postgraduate students who chose to conduct qualitative studies.

5. Intermediate Smart PLS 3 Workshop: A Focus on Modelling Mediation, Exploring Moderation and Explaining Higher Order Factor

The 2 days workshop titled “**Smart PLS 3 : A Focus on Modelling Mediation, Exploring Moderation and Explaining Higher Order Factor**” was held on 8-9 July 2022. This workshop was conducted by Prof Ramayah A/L Thurasamy, a Professor from Universiti Sains Malaysia. The workshop recap on basic issues in PLS-SEM on Measurement Model Assessment and Structural Model Assessment.

6. Panel Data Analysis Using Stata Part 1

A workshop on **Panel Data Analysis using Stata** was held on 18th November 2021. This workshop was conducted by Assoc. Prof Dr Mahyudin, a senior lecturer from Universiti Teknologi MARA, Perlis Branch. The workshop explained in depth on using panel data command and hands on with stata. The end of the workshop, the participants are expected to know how to analyze data, conduct factor analysis, correlation analysis and regression analysis using STATA.

7. Panel Data Analysis Using Stata Part 2

A workshop on **Panel Data Analysis using Stata**” was held on 9th December 2021. This workshop was also conducted by Assoc. Prof Dr Mahyudin. The workshop highlighted introduction on dynamic panel data analysis. It was a fruitful session where the participants absorbed knowledge and able to understand the concept of difference in Generalized Methods of Moments (GMM) as well as run the regression analysis using STATA.
