ABSTRACT

This research is conducted to determine the relationship between green office environment towards employee's satisfaction at Pusat Latihan Pertahanan Awam (PULAPA) Wilayah Timur, Jengka. This research intended to investigate which Herzberg's motivation-hygiene factor is influence more to employee's satisfaction. The sample size use for this study is 75 respondents. The questionnaire has been distributed to all employees at PULAPA at different level of position and ONLY 66 respondents have answered the questionnaires distributed completely. Social Science Software (SPSS) version 20.0 is used to analyze the results collected. Based on the finding of this research most of the employee at PULAPA were believed that green office environment can influence their satisfaction at workplace. In order to make some improvement to the employees at PULAPA, some recommendation and recommendation for the future research was stated.

ACKNOWLEDGEMENT

Firstly, I would like to express my gratitude to all those who gave me the possibility to complete this research especially to Allah S.W.T because without His blessing, it is possible for me to complete this research.

Next, I want to express my thanks to all lecturers for their guide and willingness especially to my research supervisor, Madam Maisarah binti Ishak who gave me brilliant ideas to commence this research. Lot of thanks for the supports and advice given that enable me to complete this research on time.

My sincere thanks also goes to my industrial training supervisor, KPT. (PA) Juddie bin Turusi because of his willingness to help me even it is hard for me to find materials and data related to my research.

I am deeply indebted to my parents who help and always support me. Also to my friends, big thanks from me for stimulating suggestions and encouragement all the time of completes this report.

Last but not least, I would like to thanks to all of the respondents at PULAPA Jengka because of their willingness to spent their time to answer the questionnaires and also to those who contribute their helped and indirectly in order to completing and making this research.
