ABSTRACT

SAFE SPACE WALL-MOUNTED DESK

Safe space wall-mounted desks product has been made in my research was to conduct observations and research on the suitability of the space -saving concept for desks and its reliance on the public, by combining space -saving concepts and wall -mounted features, the look and function of the table where be different and require a detailed evaluation. The purpose of this study is to innovate a product that can fulfill its main purpose with additional features and conduct an assessment of the needs of space -saving products among the general public. Data was collected in several stages, namely studying the role of furniture according to the passage of time, collecting information about furniture in Malay homes by making a literature review such as journals, books or websites, and collecting surveys in the form of questionnaires. The questionnaire contained data on respondents 'background, type of residence, opinions on design, price, market, and satisfaction with the product. A total of 101 respondents provided feedback on the table products mounted on the walls of the safe space and most of them gave positive feedback on the suitability of the desk concept in the market.

ACKNOWLEDGEMENTS

First and foremost, I would deliver my gratitude to Allah for whom with His willing gives me the most precious opportunity to complete this thesis and also for giving me the tranquillity of mind to handle all the obstacles and difficulties in finishing this task properly. A special thanks to my dedicated supervisor, Mrs Zaimatul Aqmar Binti Abdullah, for the help, guidance and enthusiasm throughout the whole process of completing this thesis. Additionally, I am very grateful for the friendship of all of the members of the Proteomics research group, especially Mohd Taufiq Hakim Bin Mohd Hanafiah and Tuah Zulhelmi Bin Johan, with whom I worked closely. I would like to thank the staff and committee which I puzzled over many of the same problems. Finally, and most importantly, I would like to thank my parents for their faith in me and allowing me to be as ambitious as I wanted. Your prayer for me was what sustained me thus far and also for provided me with unending encouragement and support.
